Explanatory Note.

The States are grouped by Agencies and, as far as possible, according to their geographical position.

For each State the Administrative units, *i. e.*, tahsils, parganas, etc., are shown in alphabetical order.

The statistics of the three out-lying parganas of the Tonk State—Sironj, Chabra and Pirawa situated in Central India—which have been excluded from the Imperial Tables are included in the Provincial Tables. The geographical distinctions, however, are maintained by showing separately the totals of the districts in Rajputana and of those in Central India. Conversely, the statistics of the detached tracts of Nandwas of Indore and Gangapur of Gwalior situated in Mewar which have been included in the Rajputana Imperial Tables are excluded from the figures of the Mewar State in the Provincial Tables. For convenience of reference the statistics of these tracts are given separately at the end of each table.

In Table XIII, for each State, only those castes, tribes, or races are given which contain not less than 500 persons. Members of other castes, etc., have all been included in the heading "Other Castes."

In Table XV the Sub-orders shown are those in which the Actual workers and dependents in all the States taken together number not less than 10,000. In each of these Sub-orders, of which a list is given below, the figures of the Urban and Rural populations are shown separately.
